**Subject: Tower Standard Site Groundwater Contour Maps**  
**EPA Contract No. EP-W-12-009**  
**Task Order 2012**

Dear Mr. Bob Egan,

Attached for your review is an electronic copy (PDF via email) of the draft version of the groundwater contour maps prepared by Bristol for the Tower Standard site under Task Order 2012. The PDF includes two figures: one for the wells screened across the static water level (shallow groundwater) and one for the wells screened at depth (deep groundwater).

Please call (907-563-0013) or email me if you have any questions or comments.

Sincerely,  
**Bristol Environmental Remediation Services, LLC**
